

Some Of Us Are Busy

I like to roam around the halls and skidder sticks along the walls for fun
I really ought to walk, I know but sometimes I'm so busy that I run

I have to call the valet desk to get my trousers cleaned and pressed
I have to have them back by three
Some of us are busy at the Plaza Hotel

I have to help Johanna do the pillowcases so she's through by four
Deliver any messages and sometimes they have messages galore

I have to check the Service Lift in case I find a little gift
Nobody wants anymore
Some of us are busy at the Plaza Hotel

Hey! I'll be fine!
But there's such a lot of things left for me to do
I'd take my time!
But there's such a lot of things left for me to do.

I have to help the busboys and the waiters setting up the Crystal Room
'cause things are awfully busy and the guests will be arriving very soon

They have us rushed right off our feet I hear things I can't repeat
Some I haven't ever heard before
Some of us are busy at the Plaza Hotel
